Super Team NG

📅 07/2024 - Present 📍 Delta State

Superteam NG is a Nigerian community within the global Superteam network, dedicated to helping individuals learn, earn, and build in the Solana blockchain ecosystem through collaborative projects, bounties, and grants.

- Successfully collaborated with the design team at Superteam NG to edit and refine attendee templates for the monthly ecosystem call, enhancing the overall presentation and user experience.

Graphics Designer

Bloom Green Energy

📅 08/2023 - Present 📍 Delta State

Bloom Green Energy offers high-quality solar panels and accessories, focusing on sustainability and energy efficiency. We provide tailored solutions for residential, commercial, and industrial clients, committed to exceptional service and a greener future.

- Designed and implemented a cohesive set of visual assets for Bloom Green Energy, including dynamic social media graphics, attractive product flyers, and polished company letterheads and complimentary cards, thereby boosting brand recognition and ensuring a unified corporate image.

Associate Graphics Designer

Coriftech Solutions

📅 09/2023 - 08/2024 📍 Delta State

Coriftech Solutions Limited is a leading tech institute in Asaba , Delta state. They offers practical training in various technology fields, including software development, cybersecurity, digital marketing, graphics design, product design and data analysis. Our programs are designed to equip individuals with the skills needed to thrive in the tech industry and advance their careers.

- Successfully led a team from Coriftech Solutions Limited to secondary schools in Asaba for a sensitization program, effectively engaging students and sparking their interest in technology. Additionally, designed certificates for the company, showcasing our commitment to both educational outreach and internal recognition.
